But Not This Dog

Or This Dog....

Or Even This Poor Golden...

We at SCGRR....NEED YOUR HELP TO SAVE  
PRECIOUS LIVES!

### Meet Dodger:

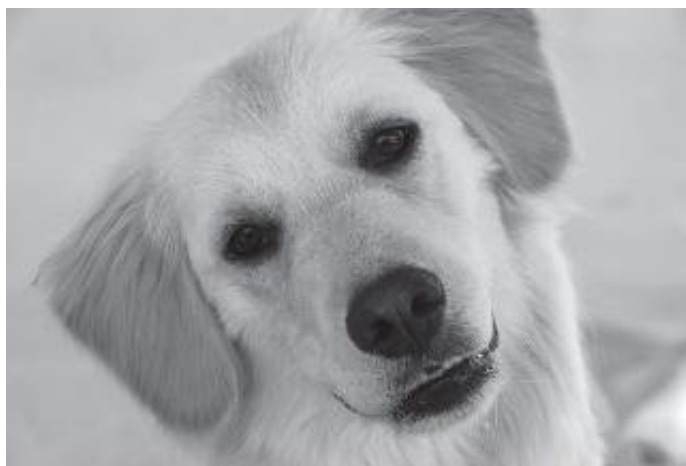

Poor 10 month old Dodger decided he needed to try to run across the 91 Freeway in Riverside last week. He is lucky to be alive. He did

**We'll do the work, drive the miles, shed the tears...we just need your support to do it.**

get hit by a car and laid on the side of the road with his injuries. We are unsure if a good Samaritan or the CHP picked him up, but he was taken to the Riverside City shelter where a vet gave him pain meds and splinted his leg. They wouldn't do the major surgery he needed (both major bones in his foreleg were broken and another joint fracture). A rescue coordinator at the shelter called our volunteer Linda. Linda ran down and picked him up and in minutes a fellow volunteer (Jim) coordinated a ortho vet visit. Although this little guy was in pain and had road grease on his back...he was still wagging his tail and giving kisses to our volunteer.

accomplishing our mission. **Southern California Golden Retriever Rescue is a non-profit 501 (c) 3 organization. Our all volunteer organization has saved over 1350 dogs since we started 4 years ago in March (285 in 2011). We rely 100% on donations to keep our rescue going and recently we have been hit with an overwhelming amount of veterinarian bills for various surgeries and medications (like two broken legs last week-see story of Dodger to the left). We must raise money in order to continue to save the precious dogs. Please consider joining our monthly donor program. The details of the program are below. ***Golden Enduring Love  
Monthly Donation Program***

Dr. V was able to save Dodger's leg (amputation was discussed) and after a long surgery, a stainless steel plate and dozens of screws, Dodger headed to his foster home to mend.

Dodger is currently recuperating with his foster parents. He is doing great but has to be in confinement for 8 weeks so he will heal properly.
